

# Great Medicine Starts with Great Teams

At **CareVet**, we are deeply committed to investing in the lifeblood of our hospitals: the teams that serve our patients and clients.

Our *Whole-Person Approach* ensures you'll receive the same quality of care and support that you deliver to patients every single day. This includes:

**Living Wage:** \$15 minimum wage for all hospital team-members.

**Revenue Share Program:** Monthly bonus to reward teams' dedication.

**Learning Institute:** Skill development and mentorship opportunities.

**Health and Wellness:** Mental and physical health resources and benefits.

***Come join our team.***
