**Program Terms & Conditions:** Offer valid for purchases made between 1/1/2022 and 12/31/2022. In order to qualify for this offer, invoices must reflect purchase during offer period and show a line item that reads "BRAVECTO Instant Discount". Veterinary invoices must reflect a purchase of at least two (2) or four (4) doses of BRAVECTO® (fluralaner) and/or six (6) or twelve (12) doses of SENTINEL® Brand Products. All purchases must be the same product dose and size for the same pet for eligibility. Purchases on separate dates cannot be combined. Only one offer redeemed per invoice and this offer is only available on purchases for clinics in the fifty (50) United States or District of Columbia. Void where prohibited by law. Merck Animal Health reserves the right to end promotion prior to end of promotion period at any time. Offer is part of pilot program and only select hospitals will be eligible for offer. Please see full prescribing information within product packaging.

**Important Safety Information:** BRAVECTO® Chews for Dogs is for dogs 6 months of age or older. BRAVECTO® Topical Solution for Dogs and BRAVECTO® Topical Solution for Cats are for dogs and cats 6 months of age or older. BRAVECTO® Chews and BRAVECTO® Topical Solution for Dogs are safe for pregnant, breeding, and lactating dogs. Use with caution in dogs with a history of seizures or neurologic disorders. BRAVECTO® Chews: Side effects may include vomiting, decreased appetite, diarrhea, lethargy, excessive thirst, and flatulence. BRAVECTO® Topical Solution for Dogs: Side effects may include vomiting, hair loss, diarrhea, lethargy, decreased appetite, and moist dermatitis/rash. BRAVECTO® Topical Solution for Cats: Side effects may include vomiting, itching, diarrhea, hair loss, decreased appetite, lethargy, and scabs/ulcerated lesions. Use with caution in cats with a history of neurologic disorders. BRAVECTO® PLUS for Cats is for cats 6 months of age or older. Side effects may include vomiting, hair loss, itching, diarrhea, lethargy, dry skin, elevated ALT, and hypersalivation. Use with caution in cats with a history of neurologic disorders. Use with caution in cats that are heartworm positive. SENTINEL® SPECTRUM® Chews (milbemycin oxime/lufenuron/praziquantel). Dogs should be tested for heartworm prior to use. Mild hypersensitivity reactions have been noted in some dogs carrying a high number of circulating microfilariae. Treatment with fewer than 6 monthly doses after the last exposure to mosquitoes may not provide complete heartworm prevention. For complete product information refer to the product insert. SENTINEL® FLAVOR TABS® (milbemycin oxime/ lufenuron). Dogs should be tested for heartworm prior to use. In a small percentage of treated dogs, digestive, neurologic, and skin side effects may occur. For complete product information refer to the product insert.

\*Offer excludes BRAVECTO® 1-MONTH.

†All doses must be the same product and size, for the same pet and purchased on the same invoice date to qualify for a rebate. Please see full prescribing information within product packaging.
