REBATES + GIFT WITH PURCHASE AWAIT. DETAILS INSIDE.

Promotion runs January 17 to February 28, 2022.

A SPECIAL SPRING OFFER FROM OUR FAMILY TO YOURS!

Stock up now on essential protection just in time for spring. **Purchase 20+ cartons of BRAVECTO® and/or SENTINEL® Brand Products** between January 17 and February 28, 2022, and you'll earn valuable rebates.

To qualify for a **one-brand rebate of up to 7%**, buy 20+ cartons of either BRAVECTO or SENTINEL Brand Products. To qualify for a **two-brand rebate and earn up to 8%**, buy 10 or more cartons of BRAVECTO Brand Products, plus 10 or more cartons of SENTINEL Brand Products. SENTINEL Brand Products that are part of a qualifying order will earn an additional **12% rebate!**

But wait ... there's more!

If yours is one of the first 600 clinics to buy at least 50+ cartons of BRAVECTO and/or SENTINEL Brand Products by January 31, you'll receive a hybrid instant camera and film, along with a large corkboard, so that you can snap and display photographs of your clinic family.

PLUS, get our exclusive *Bravo, Bravecto!* Dispensing Promotion kit this spring, complete with materials for your clinic and a valuable offer for pet owners who buy 2 doses of Bravecto.

See back cover for complete offer terms.

This offer is cumulative, so all purchases made throughout the promotion count towards your rebates!

Cartons	One-brand rebate	Two-brand rebate	SENTINEL Brand Products rebate

41-80	3%	4%	12%
81-120	5%	6%	12%
121+	7%	8%	12%

Maximum savings example.

Purchase 121 cartons, including 70 cartons of BRAVECTO Brand Products, 20 cartons of SENTINEL FLAVOR TABS® and 31 cartons of SENTINEL SPECTRUM Chews.

**Get
8% back**
on your total order

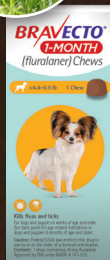

**an additional
12% back**
on all SENTINEL Brand
Products cartons

MEET THE PARASITICIDE FAMILY.

Our family members have what it takes to fight intestinal parasites, heartworms, fleas, and ticks, whether your clients and patients prefer chews, tablets, or topical solutions.

Roxie

is a mighty pup.

BRAVECTO® 1-Month Chews for Dogs and Puppies provides serious flea and tick protection for dogs eight weeks of age and older who weigh 4.4 pounds or more.*

BOSS

means business.

When it comes to protection for dogs 6 months and up, **BRAVECTO® Chews for Dogs** doesn't fool around. It's the only brand offering 12 weeks[†] of persistent flea and tick protection in one dose.*

WALTER

is easygoing.

With **BRAVECTO® Topical for Dogs**, protection is easy to administer thanks to its Twist'n'Use™ applicator. Plus, it lasts a whole 12 weeks,[†] making compliance easy too.*

Ginger

keeps a clean house.

BRAVECTO® Topical for Cats helps keep cats and their homes flea-free for longer because one dose works for an entire 12 weeks.^{†*}

ZELDA

is extremely protective.

BRAVECTO® PLUS for Cats seriously minimizes risks by combining flea and tick protection, treatment of intestinal parasites, and heartworm disease prevention. Just one application lasts 8 weeks.*

MAC & MACY

take their health to heart.

SENTINEL® Brand Products promote healthier dogs by preventing heartworm disease, treating adult hookworms[‡], roundworms, and whipworms, and by controlling flea populations.[§] **SENTINEL® SPECTRUM® Chews** also treats adult tapeworms.

For full prescribing information visit us.bravecto.com

BRAVECTO Chews for Dogs kills fleas, prevents flea infestations, and kills ticks (black-legged tick, American dog tick, and brown dog tick) for 12 weeks. BRAVECTO Chews also kills lone star ticks for 8 weeks. **BRAVECTO Topical Solution for Cats** kills black-legged ticks for 12 weeks and American dog ticks for 8 weeks.

*A. caninum

†Prevents flea eggs from hatching.

Terms & Conditions

Cannot be combined with other offers. All BRAVECTO brand product and SENTINEL brand product SKUs are eligible and qualify for the BRAVECTO and SENTINEL brand products rebates. Promotion dates are January 17, 2022, through February 28, 2022 ("Promotion Period"). To qualify for the "SENTINEL Brand Products Rebate," a qualifying clinic (see below for eligibility requirements) must purchase a minimum qualifying order (a minimum of 20 cartons of SENTINEL brand products) that includes one or more cartons of SENTINEL FLAVOR TABS and/or SPECTRUM Chews cumulatively during the Promotion Period. The SENTINEL Brand Products Rebate will be applied only to the SENTINEL FLAVOR TABS and SPECTRUM Chews cartons included in the order. To qualify for "One-Brand Rebate," a qualifying clinic must purchase a minimum of 20 cartons of BRAVECTO brand products or 20 cartons of SENTINEL brand products cumulatively during the Promotion Period. To qualify for "Two-Brand Rebate," a minimum 10 cartons of BRAVECTO brand products and minimum 10 cartons of SENTINEL brand products must be purchased cumulatively during the Promotion Period. Customers purchasing only BRAVECTO brand products or only SENTINEL brand products will not be eligible for the "Two-Brand Rebate." Customers purchasing both BRAVECTO brand products and SENTINEL brand products but who fail to purchase a minimum of 10 cartons of BRAVECTO brand products and minimum 10 cartons of SENTINEL brand products throughout the promotion will not be eligible for the "Two-Brand Rebate." Qualifying purchase(s) must be ordered within the Promotion Period, and the complete order must be invoiced within 7 days of the end of the Promotion Period. Back-ordered products and returned products are not eligible. Clinic must pay full vet retail price on purchased BRAVECTO brand products and SENTINEL brand products to qualify for rebate. Offer valid only for veterinary clinics that have a valid Veterinary Patient Client Relationship, as defined by AVMA. Offer available to clinics in the 50 United States or the District of Columbia only. Allow 8-10 weeks for rebate processing (after end of the Promotion Period). Purchases count toward Merck Animal Health 2022 PerPETual Loyalty Program and 2022 OneMerck Loyalty Program. Void where prohibited by law. MAH reserves the right to cancel or amend this program without notice at any time, for any reason, at its sole discretion.

To qualify for the "Camera Bundle Early Bird Special" giveaway, a clinic must purchase a minimum of 50 cartons of BRAVECTO brand products and/or SENTINEL brand products cumulatively between 1/17/22 and 1/31/22 (in addition to satisfying all the general offer requirements set out above). The first six hundred (600) eligible clinics that make the required minimum giveaway purchase will receive one (1) FUJIFILM® Instax mini LiPlay® hybrid instant camera, sixty (60) sheets of instant film, and a corkboard while supplies last. All prize details not specified in these offer Terms and Conditions (including color, features, and specifications) will be determined by Merck Animal Health in its sole discretion. MAH reserves the right to substitute an alternate giveaway item for some or all participants for any reason at its sole discretion. MAH will determine the order in which qualifying orders are received in its sole discretion. Giveaway item will be mailed to the clinic at its address on file with MAH within approx. 8-10 weeks of the end of the Promotion Period. Giveaway item will be provided to the clinic as an entity and MAH will have no obligation or liability for disputes among clinic owners/employees regarding allocation of the giveaway item. Giveaway items provided as is and subject only to any warranty offered by the item's manufacturer; MAH makes no warranty, representation, or guarantee of any kind, expressed or implied, regarding the giveaway item.

IMPORTANT SAFETY INFORMATION:

BRAVECTO 1-MONTH Chews: Indicated for dogs 8 weeks of age and older. The most commonly reported adverse reactions include itching, diarrhea, vomiting, decreased appetite, elevated ALT, lethargy, and weight loss. **BRAVECTO 1-MONTH** is not effective against *A. americanum* in puppies less than 6 months of age. **BRAVECTO Chews for Dogs:** The most commonly reported adverse reactions include vomiting, decreased appetite, diarrhea, lethargy, polydipsia, and flatulence. **BRAVECTO Topical Solution for Dogs:** The most commonly reported adverse reactions include vomiting, hair loss, diarrhea, lethargy, decreased appetite, and moist dermatitis/rash. **BRAVECTO Topical Solution for Cats:** The most commonly reported adverse reactions include vomiting, itching, diarrhea, hair loss, decreased appetite, lethargy, and scabs/ulcerated lesions. **BRAVECTO Topical Solution for Cats** is not effective against American dog ticks beyond 8 weeks of dosing. **BRAVECTO PLUS Topical Solution for Cats:** The most commonly reported adverse reactions include vomiting, hair loss, itching, diarrhea, lethargy, dry skin, elevated ALT, and hypersalivation. **BRAVECTO PLUS** has not been shown to be effective for 2 months in kittens less than 6 months of age. Use with caution in cats that are heartworm positive. The effectiveness of **BRAVECTO PLUS** to prevent heartworm disease after bathing or water immersion has not been evaluated. **BRAVECTO** has not been shown to be effective for 12-weeks' duration in puppies or kittens less than 6 months of age. **BRAVECTO Chews and Topical Solution for Dogs** are not effective against the lone star tick beyond 8 weeks of dosing. **BRAVECTO Topical Solution for Dogs and Cats** and **BRAVECTO PLUS** for cats are for topical use only. Avoid oral ingestion. The safety of **BRAVECTO Topical Solution for Cats** and **BRAVECTO PLUS** have not been established in breeding, pregnant, and lactating cats. **All BRAVECTO products** contain fluralaner, which is a member of the isoxazoline class. This class has been associated with neurologic adverse reactions including tremors, ataxia, and seizures. Seizures have been reported in dogs receiving isoxazoline class drugs, even in dogs without a history of seizures. Use with caution in dogs with a history of seizures or neurologic disorders. Neurologic adverse reactions have been reported in cats receiving isoxazoline class drugs, even in cats without a history of neurologic disorders. Use with caution in cats with a history of neurologic disorders. **SENTINEL® SPECTRUM® Chews (milbemycin oxime/lufenuron/praziquantel):** Dogs should be tested for heartworm prior to use. Mild hypersensitivity reactions have been noted in some dogs carrying a high number of circulating microfilariae. Treatment with fewer than 6 monthly doses after the last exposure to mosquitoes may not provide complete heartworm prevention. For complete product information, refer to the product insert. **SENTINEL® FLAVOR TABS® (milbemycin oxime/lufenuron):** Dogs should be tested for heartworm prior to use. In a small percentage of treated dogs, digestive, neurologic, and skin side effects may occur. For complete product information refer to the product insert.
